Highlighter 180

www.blauer-engel.de/uz200

Made in Germany

Schneider  Write it

Brand Quality meets sustainability

Whether for school, university, office or creative work: The **brilliant and light-resistant** Highlighter 180 attracts attention everywhere, and this thanks to its **brilliant marking performance**. The chisel tip in widths of 1 and 5 mm can be used to highlight **up to 15,000 words**. The pen body is made of **opaque plastic** with a fine matt finish which does not only look good – but it is also made of over ***90 percent recycled material**. We use **recycled fibres** for the inner ink reservoir and tip. From the pen body up to the fiber tip, a good decision for people and nature.

Imprint area

Pad printing T1: 48 x 14 mm

Optional points, not imprinted or including eco-label

Resource-saving up to the last fiber

The first highlighter made from recycled plastic to be awarded with eco-label **"Blue Angel"**

The pen body is made of **90 %** recycled plastic

The inner ink reservoir and tip are made from **recycled fibers**

Bio-based universal ink for brilliant results on standard, copy and fax paper

Made in Germany: Brand quality made in the Black Forest and the Harz Mountains

Explained in brief: The "Blue Angel" stands for the following:

The „Blue Angel“ has been the environmental label of the German Federal Government for 40 years. It sets demanding standards for environmentally friendly products and services. Our Highlighter 180 is produced in a resource-saving way, can be used for a long time and is low in harmful substances. That is why it is the first highlighter made from recycled plastic to bear this label of approval, which provides guidance for sustainable purchasing.
