Make it
neon

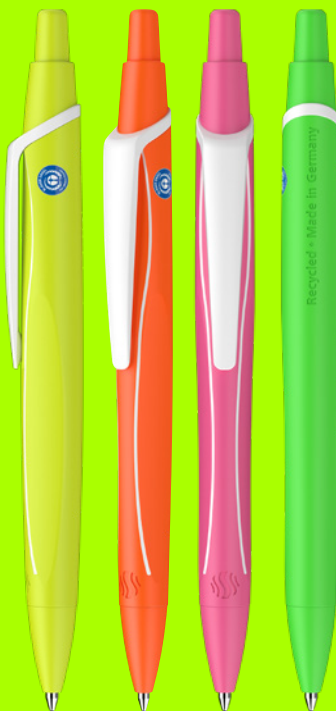

Make it **matter**

Look at this!

With its bright neon look, the Reco cannot be overlooked. This makes it the perfect advertising medium for companies such as waste collection, construction and road building companies, security firms or rescue services. Also clubs, bars, music labels, gaming or eSports companies also attract attention with the neon look on themselves. In this brochure you will find further strong highlights from our Neon range to discover!

Dynamic and streamlined design
with elegant matt satin surface.
Sounds restrained and sober?
The ballpoint Reco can also look
completely different! In the brightly
coloured neon version, it is the
right choice for making a bold style
statement in the colours orange,
yellow, bright green or pink colours.

Blue and black are among the classic writing colours for ballpoint pens. The new neon edition of the Take 4 Neon Promo offers even more now: in addition yellow as a highlight colour for targeted highlighting colour is included. The fourth refill varies depending on the colour of the barrel and sets eye-catching accents in pink, light green or orange. So you can structure and organise your notes at the touch of a button. For order quantities of 100 pieces or more, the available writing colours can be individually combined on request.

Make it different

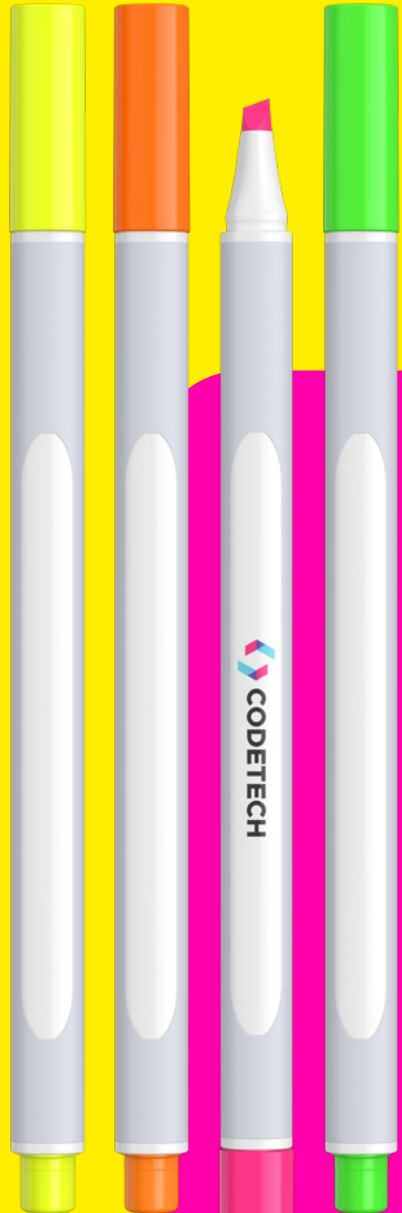

Make it shine

Shine-Up

A *pen body
made of over 80%
bio-based plastic.

How can you give important notes a luminous finish? With the highlighter Shine-Up attention-grabbing accents can be set – whether in yellow, pink, light green or orange. The slim shape of the barrel not only fits comfortably in the hand. The three-edged barrel also prevents it from rolling off the table. And its sustainable properties are also remarkable: Due to the particularly resource-saving production, the Shine-Up has been awarded the Blue Angel.

Highlighter 180

Large amounts of text, full calendars, an overwhelming information overload: it's not always easy to keep an overview. The Highlighter 180 separates the important from the unimportant - with a clear conscience! Because the pen body, ink reservoir and tip are made from recycled material. The ink is made from bio-based materials. Due to these resource-saving properties, the Highlighter 180 was awarded with the famous eco-label "Blue Angel".
